

Vision

Working together, supporting, and empowering each other to become a healthy community leading happy, strong, vibrant lives through a holistic community approach.

Mission

To empower, support and celebrate health and wellness with individual members, families and communities through collaborative partnerships and culturally-focused, holistic, health services that are community-driven.

Values

Respect – we treat each other with dignity, generosity and value.

Nis Tluth Ts' etdeel – walking forward together.

Trustworthy – we are honest and fair in our action, deliberate and decision and transparent processes.

Accountable – we understand and accept the responsibility for our actions, behaviour and decisions made on behalf of the Nation.

Teamwork – we are committed to promoting an integrated approach of flexibility and open-minded support.

Consistency – we are dedicated, committed, regular and predictable.

4 key priority areas that LBN Health Services would focus on for the next 5 years:

1. Safety and quality of care
2. The 5 health priorities (identified above)
3. Strong business processes
4. Leadership and team development.

5 Health Priorities created by the Lake Babine Nation communities:

1. Nutrition
2. Physical Fitness
3. Cultural and traditional revitalization
4. Healing Workshops
5. Address drug and alcohol abuse
