Independent Auditor's Report

To the Members of
Lake Babine Nation

We have audited the accompanying financial statements of Lake Babine Nation, which comprise the statement of financial position as at March 31, 2018, and the statements of revenue, expenditures and accumulated surplus, change in net debt, cash flows and the related schedules for the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the First Nation's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the First Nation's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

We were unable to obtain reviewed financial statements supporting the Nation's investment in Burns Lake Native Development Corporation (BLNDC), Talok Fisheries LP, Talok Fisheries Ltd., Lake Babine Forestry Services Ltd., and Lake Babine Forestry Services LP. As a result, we are not able to determine whether any adjustments might be necessary to the the investments, other income or ending surplus on Schedule 875 Equity in First Nations Investments.

Qualified opinion

Except as noted in the above paragraph, in our opinion, the financial statements present fairly, in all material respects, the financial position of the First Nation as at March 31, 2018 and the results of its operations, the changes in its net debt and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

LAKE BABINE NATION

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2018

DESCRIPTION OF OPERATIONS

Lake Babine Nation is a self-governed First Nation Band and operates on Lake Babine Nation traditional territory, located at Burns Lake, BC and area.

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES

These financial statements are prepared in accordance with Canadian public sector accounting standards for governments as recommended by the Public Sector Accounting Board of the Canadian Institute of Chartered Accountants.

(a) Reporting entity principles of financial reporting

These financial statements report only on the activities of the Lake Babine Nation.

The First Nation reporting entity includes the First Nation government and all related entities which are accountable to the First Nation and are either owned or controlled by the First Nation.

The First Nation also prepares Financial Statements that summarize the assets, liabilities and results of operations for the following entities:

1. Lake Babine Nation Operations Fund
2. Lake Babine Nation Treaty Negotiation Fund
3. Lake Babine Nation Health Services Fund
4. Lake Babine Nation Fisheries Fund
5. Lake Babine Nation Social Housing Fund

All inter-entity balances have been eliminated, but in order to present the results of operations for each specific fund, transactions amongst funds have not been eliminated on the individual schedules.

These financial statements account for the activities of Burns Lake Native Development Corporation, Talok Fisheries Ltd., Talok Fisheries LLP and Lake Babine Economic Development Society, as government business enterprises as defined in the Public Sector Accounting Handbook, using the modified equity method.

(b) Fund accounting

The First Nation uses fund accounting procedures which result in a self-balancing set of accounts for each fund established by legal, contractual, or voluntary actions. The various funds have been amalgamated for the purposes of presentation in the Summary Financial Statements. Detail of the operations of each fund are set out in the supplementary schedules. The First Nation maintains the following funds:

- The Operating Fund which reports the general activities of the First Nation including administration, education, social assistance, operation and maintenance, and other miscellaneous programs.
- The Negotiation Funding Agreements Fund which reports the activities of the BC Treaty Program.
- The Social Housing Fund which reports on the housing assets, rental income and other related activities.
- The Health Services Fund which reports the activities related to the Nation's health programs.
- The Capital Fund which reports the capital assets of the First Nation and their related activities.

LAKE BABINE NATION

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2018

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

(c) Financial instruments

The entity initially measures its financial assets and liabilities at fair value, except for certain non-arm's length transactions.

The entity subsequently measures all its financial assets and financial liabilities at amortized cost. Changes in fair value are recognized in net income.

Financial assets measured at amortized cost include cash, accounts receivable, short term deposits and trust funds.

Financial liabilities measured at amortized cost include accounts payable and accrued liabilities, reserves, and long term debt.

Fair value is determined by the price that is quoted in an active market. The most recent quote price becomes its new carrying value. When a quoted price in an active market is not available for an equity instrument that is an investment, it is measured at cost.

The Nation does not currently have any financial instruments that are measured at fair value.

(d) Cash

Cash and cash equivalents include cash on hand and short-term deposits that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, net of bank overdrafts.

(e) Inventories for resale

Inventories of supplies and goods available for resale are recorded at the lower of cost and net realizable value based on weighted average cost method.

(f) Loans receivable

Loans receivable are stated at the lower of cost and management's best estimate of net recoverable value. Valuation allowances, which are not required to reduce loans receivable, are based on past events, current conditions and all circumstances known at the date of the preparation of the financial statements. Interest revenue is recognized when earned. Interest revenue is not accrued when the collectability of either principle or interest is not reasonably assured.

LAKE BABINE NATION

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2018

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

(g) Investments

Investments in Burns Lake Native Development Corporation are accounted for on a modified equity basis.

Investments in Lake Babine Economic Development Society are accounted for on a modified equity basis.

Investments in affiliated First Nation Entity (Woyenne Enterprises Ltd.) are recorded at cost.

Investments in Talok Fisheries Ltd. are accounted for on a modified equity basis.

Investments in Talok Fisheries Limited Partnership are accounted for on a modified equity basis.

Investments in Lake Babine Nation Forestry Services Ltd. are accounted for on a modified equity basis.

Investments in Lake Babine Nation Forestry Services Limited Partnership are accounted for on a modified equity basis.

(h) Trust funds

Trust funds are included as revenue in these statements only to the extent they have been received from the First Nation's trust funds. The trust funds arise from monies derived from capital or revenue sources as outlined in Section 62 of the Indian Act. These funds are held in trust in the Consolidated Revenue Fund of the Government of Canada and are subject to audit by the Office of the Auditor General of Canada. The management of these funds is primarily governed by Sections 63 to 69 of the Indian Act.

LAKE BABINE NATION

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2018

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

(i) Tangible capital assets

Tangible capital assets are recorded at cost, which includes amounts that are directly related to the acquisition, design, construction, development, improvement or betterment of the assets. Cost includes overhead directly attributable to construction and development, as well as interest costs that are directly attributable to the acquisition or construction of the asset.

Leases that transfer substantially all the benefits and risks of ownership to the lessee are recorded as capital leases. Accordingly, at the inception of the leases, the tangible capital asset and related lease obligations are recorded at an amount equal to the present value of future lease payments discounted at the lower of the interest rate inherent in the lease contracts and Lake Babine Nation's incremental cost of borrowing.

Amortization is provided for on a declining balance basis based on each asset class' estimated useful lives as follows:

Automotive equipment	30%
Buildings and infrastructure	4%
Computer equipment	30%
Equipment	20%
Fisheries equipment	20%
Water and sewer	5%
Roads and bridges	5%
Buildings under construction	0%

Tangible capital assets are written down when conditions indicate that they no longer contribute to Lake Babine Nation's ability to provide goods and services, or when the value of future economic benefits associated with the tangible capital assets are less than their net book value. The net write-downs are accounted for as expenses in the consolidated statement of operations.

Contributed capital assets are recorded into revenues at their fair value on the date of donation, except in circumstances where fair value cannot be reasonably determined, in which case they are recognized at nominal value. Transfers of capital assets from related parties are recorded at carrying value.

Certain assets which have historical or cultural value, including works of art, historical documents and historical and cultural artifacts, are not recognized as tangible capital assets. Assets under construction are not amortized until the asset is available to be put into service.

(j) Impairment of long-lived asset

Long-lived assets are tested for recoverability whenever events or changes in circumstances indicate that their carrying amount may not be recoverable. An impairment loss is recognized when their carrying value exceeds the total undiscounted cash flows expected from their use and eventual disposition. The amount of the impairment loss is determined as excess of the carrying value of the asset over its fair value.

(k) Surplus recoveries and deficit funding

Under the terms of funding arrangements, remaining surpluses of certain programs may be recovered by the funding agency, and remaining deficits may be funded by the funding agency.

LAKE BABINE NATION

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2018

1. BASIS OF PRESENTATION AND SIGNIFICANT ACCOUNTING POLICIES (continued)

(l) Revenue recognition

Revenue and funding are recognized as follows:

- i) Government funding is recognized as revenue when it becomes available under the terms of the applicable funding agreements. Funding received under the funding agreements relating to a subsequent period is reflected as deferred revenue in the year of receipt.
- ii) Housing revenue is recognized based on lower end of market (LEM) rent for CMHC subsidized housing and based on collected receipts for non-subsidized houses. Rents not collected are written off to bad debts.
- iii) Income from investments is recorded on the accrual basis.
- iv) Government transfers are recognized in the financial statements in the period in which events giving rise to the transfer occur, providing the transfers are authorized, eligibility criteria have been met and reasonable estimates of the amount can be made.

(m) Asset classification

Assets are classified as either financial or non-financial. Financial assets are assets that could be used to discharge existing liabilities or to finance future operations. Non-financial assets are acquired, constructed or developed assets that do not provide resources to discharge existing liabilities but are employed to deliver government services, may be consumed in normal operations and are not for resale. Non-financial assets include tangible assets, prepaid expenses and inventory of supplies.

(n) Net Financial Debt

The Nation's financial statements are presented so as to highlight net financial debt as the measurement of financial position. The net debt of the Nation is determined by its liabilities less its financial assets. Net debt is comprised of two components, non-financial assets and accumulated surplus.

(o) Segments

The First Nation conducts its business through reportable segments. These operating segments are established by senior management to facilitate the achievement of the First Nation's long-term objectives, aid in resource allocation decisions, and to assess operational performance. For each reported segment, revenues and expenses represent both amounts that are directly attributed to the segment and amounts that are allocated on a reasonable basis. Therefore, certain allocation methodologies are employed in the preparation of segmented financial information.

(p) Use of estimates

The preparation of financial statements in conformity with Canadian Public Sector accounting standards requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Accounts specifically affected by estimates in these financial statements are allowance for doubtful accounts and accounts receivable impairment. Actual results could differ from those estimates.

18. CONTINGENT LIABILITIES

Lake Babine Nation has entered into contribution agreements with various federal government departments. Funding received under these contribution agreements is subject to repayment if the First Nation fails to comply with the terms and conditions of the agreements.

In addition, in the normal course of its operations, Lake Babine Nation becomes involved in legal actions. Some of these potential liabilities may become actual liabilities when one or more future events occur or fail to occur. To the extent that the future event is likely to occur, and a reasonable estimate of the loss can be made, an estimated liability is accrued and an expense recorded on Lake Babine Nation's financial statements. In managements opinions there are no losses resulting in the accrual of a liability present as at the date of the audit report.

19. ECONOMIC DEPENDENCE

Lake Babine Nation receives a significant portion of its revenue pursuant to a funding agreement with Indigenous and Northern Affairs Canada. The Nation's ability to operate certain programs depends on the continuation of this funding.

21. BUDGETED FIGURES

Budgeted figures have been provided for comparison purposes and have been derived from the estimates approved by Chief and Council, and were approved by Chief and Council on April 6, 2017.

22. COMPARATIVE AMOUNTS

Certain comparative amounts have been reclassified to conform with the presentation adopted in the current period.

23. SUPPLEMENTARY INFORMATION

The attached schedules are presented for purposes of additional analysis and are not a required part of the financial statements.

LAKE BABINE NATION

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2018

24. FINANCIAL INSTRUMENTS

Transactions in financial instruments may result in an entity assuming or transferring to another party one or more of the financial risks described below. The required disclosures provide information that assists users of the financial statements in assessing the extent of risk related to financial instruments.

(a) Credit Risk

The Band is exposed to credit risk from their investment in Lake Babine Economic Development Society ("LBEDS"), which is in the same geographical area and does significant business with members of the Nation. The Nation has advanced significant amounts to LBEDS to assist with start up and construction costs, and payroll, management considers their risk of collection of these receivables to be acceptable and appropriately managed.

(b) Interest rate risk

The band is exposed to interest rate risk. Interest rate risk is the risk that the band has interest rate exposure on its bank contingent liabilities, which are variable based on the bank's prime rates. This exposure may have an effect on its earnings in future periods. The band reduces its exposure to interest rate risk by regularly monitoring published bank prime interest rates which have been relatively stable over the period presented. There are some loans that are at fixed term rates and do not affect interest rate risk. The band does not use derivative instruments to reduce its exposure to interest rate risk. In the opinion of management the interest rate risk to the band is low and is not material.

26. SEGMENTED INFORMATION

Lake Babine Nation is a First Nation organization that provides a wide range of services to its members including social, education, housing, capital, economic development and community services. For management reporting purposes, the Band's operations and activities are organized and reported by segments. Segments were created for the purpose of recording specific activities to attain certain objectives with special regulations, restrictions or limitations.

The Band's services are provided by departments and their activities are recorded in these funds. Certain departments that have been disclosed in the segmented information, along with the services they provide, are as follows:

Operations

The Operations program provides administration support to the First Nation. Those costs that relate directly to the administration of the various segments have been allocated to the appropriate segment.

Education

The Education program provides primary and secondary instructional services and financial support to eligible post-secondary First Nations students.

Economic Development

The Economic Development program provides planning and capacity development initiatives under various agreements.

Natural Resource Management

The Natural Resources program administers and oversees natural resource based projects.

Social Housing

The Housing program provides on-reserve housing to eligible members under the CMHC housing programs for First Nations, and reports on the respective revenue and expenditures.

Health Services

The Health program provides a variety of health and wellness programs and support to First Nation members.

Social Development

The Social Development program Administers the provision of social assistance to qualifying First Nation members, as well as providing social development programs to the First Nation.

Capital

The Capital program administers the development of new capital projects and infrastructure programs on the reserve.

Operations and Maintenance

The Operations and Maintenance program provides regular maintenance services throughout the First Nation.

Fisheries

The Fisheries program administers fishing operations, habitat restoration, and research on First Nation land.

LAKE BABINE NATION

NOTES TO FINANCIAL STATEMENTS

MARCH 31, 2018

26. SEGMENTED INFORMATION, continued

Treaty Negotiation

The Treaty Negotiation program provides negotiation services to aid the First Nation in its research towards Treaty.

Equity in First Nation Investments

The Equity in First Nation Investments program includes all activity from investments in other entities by the First Nation.

SPECIAL AUDITORS' REPORT

To the Members of Lake Babine Nation:

We have audited the financial statements of Lake Babine Nation as at March 31, 2018, and for the year then ended and reported on July 27, 2018.

The Schedule of Honoraria, Travel Expenses and Other Remuneration for Elected officials is required to be presented to the Members of Lake Babine Nation pursuant to the funding agreement between Indigenous and Northern Affairs Canada (INAC) and Lake Babine Nation. The Schedule has been compiled by the management of Lake Babine Nation from their records. For the purposes of understanding our involvement with this schedule, please note that:

- We have audited and separately reported on the consolidated financial statements;
- Our audit was conducted for the purposes of forming an opinion of the financial statements taken as a whole;
- The attached schedule is presented to comply with the requirements of the Department of Indigenous and Northern Affairs Canada and does not form part of the financial statements; and
- The schedule has been subjected to the auditing procedures applied to the audit of the financial statements taken as a whole.

During the course of the aforementioned audit, we encountered no discrepancies on this schedule. However, no procedures have been carried out on this Schedule in addition to that necessary to form an opinion on the financial statements.

Prince George, BC
July 27, 2018

ANNEX A

Schedule of Remuneration and Expenses (Chief and Councillors)

Name of Recipient LAKE BABINE NATION
For the Year Ended March 31, 2018

Name of Individual	Position Title	Number of Months [Note 1]	Wages	Remuneration [Note 2]	Expenses [Note 3]
Wilfred Adam	Chief	12	92,327	13,500	88,355
Bessie West	Deputy Chief	10		54,000	50,762
Melvin Joseph	Councillor	12		51,500	4,614
Derek Macdonald	Councillor	12		49,500	9,117
Darren Patrick	Councillor	12		49,500	21,965
Darcy Dennis	Councillor	12		49,500	26,165
Millie Alec George	Councillor	12		49,500	20,684
Dolores Alec	Councillor	12		49,500	38,149
Verna Power	Councillor	12		49,500	56,782
Clara Williams	Councillor	12		49,500	28,855

1. The number of months during the fiscal year that the individual was a chief or councillor.

2. As per the First Nations Financial Transparency Act¹

"remuneration" means any salaries, wages, commissions, bonuses, fees, honoraria and dividends and any other monetary benefits — other than the reimbursement of expenses — and non-monetary benefits.

Examples are provided in the supporting document which accompanies this document on AANDC's Internet site entitled "Supplemental Information."

3. As per the First Nations Financial Transparency Act¹

"expenses" includes the costs of transportation, accommodation, meals, hospitality and incidental expenses.
